# Badoer

000 Natur

Ref. 20446

Badoer fabric builds on this theme with asymmetrical stripes interspersed with Ottoman striping with plain fabric serving as transition, looking like the six-column façade construction of Villa Badoer and its corresponding temple-like front aspect. In addition, the Ottoman stripes have been given emphasis on the borders to provide a greater sensation of depth for this textile design. Just like the outsides of this famous villa.

**Composition**

65% Alg./Cot - 35% Pol.

**Width**

300 cm.

**Weight**

590 gr.

**Martindale**

11000

**Horizontal/Vertical pattern repeat**

**Valid for**

**Remarks**

Pattern direction goes along the roll
