Navoi

0735 Unico

Ref. 21078

Cyan and klein blue colours fuse over the pearl background forming an ikat design very diluted within its fabric for both an ethnic and elegant upholstery fabric. Navoi is the perfect upholstery made for unique spaces where its decor evokes the sea and the land without staying too far from its own style. Furthermore, because of its 100% polyester composition, it is machine washable. Within the Bukhara collection.
