Savina Outdoor FR

226 Arcilla

Ref. 21445

An outdoor FR upholstery fabric with a small, geometric pattern and a knotted finish, 'Savina' takes us back to more traditional upholstery weaves. It lends itself to a seamless decoration of both outdoor and indoor spaces. Because of its flame-retardant properties, it is also appropriate for use in contract spaces. This printed fabric is perfect for upholstering sofas, chairs, and stools, as well as for making cushions and curtains. It is available in 8 fashionable colors.
