Baelo

001 Blanco

Ref. 21975

The Baelo fabric is a further step in the expression of the English twist technique with rhomboidal or diamond pattern. A sheer curtain that allows natural light to flow through, creating warm and cozy atmospheres, and at the same time allowing a glimpse of the outside, which gives a feeling of spaciousness and luminosity to any space.

Baelo is 330 cm. wide, which provides versatility in the confection of curtains, allowing it to cover high windows. In addition, the yarns of its composition provide impeccable aesthetics, greater durability and resistance to washing and ironing. It coordinates with the Claudia plain sheer.
