# Irati

445 Verde

Ref. 22033

Irati is a curtain fabric that immerses you in the serenity of a relaxed forest. A burnout and printed fabric in which an enigmatic landscape appears as light filters through it. The colour palette is imbued with the tranquility of the forest, with shades of grey evoking the morning mist and greens reflecting the freshness of the vegetation, designed to surround you in a sense of peace. In every detail of the print, leaves sway gently in the wind, while in the burnout you find the weft of nature itself. A fabric by Equipo DRT to create spaces that invite calm.
