Guam

990 Bruma

Ref. 22219

Textured plain sheer with a subtle, irregular yet discreet surface, inspired by the craftsmanship of Equipo DRT's design team. Guam is a curtain fabric that combines polyester yarns with natural wool and linen, providing medium opacity, a structured drape, and an exceptionally soft touch. Its exclusive colour palette is created through the blend of yarns in multiple "mélange" tones, achieving unique nuances and visual depth. Ideal for curtains that require a perfect balance between light entry, privacy, and a natural finish.
