# Zola

## 990 Bruma

Ref. 22276

Zola is a curtain fabric featuring a textured design created through a blend of colors. Woven from recycled polyester yarn, this 3-meter-wide design reinforces the Equipo DRT collection's commitment to sustainability. The fabric offers sufficient opacity to ensure indoor privacy while providing medium light filtration, balancing external brightness to create a cozy atmosphere without sacrificing overall luminosity. Its color palette draws inspiration from nature, showcasing a carefully curated range of stone, earth, and neutral tones that allow the fabric to integrate elegantly into interior design projects.
