Kairos

020 Papiro

Ref. 22318

Kairos is a new eco-friendly, flame-retardant outdoor fabric with an organic texture. It is a high-performance technical curtain fabric that combines sustainability with safety for both indoor and outdoor settings. Suitable for use in the hospitality industry, on cruise ships, and in public and outdoor spaces, it is made from Trevira CS Outdoor Eco FR—a polyester that ensures permanent flame-retardant properties (self-extinguishing and low smoke emission) that remain intact through washing and use.

The Kairos fabric by Equipo DRT incorporates a minimum of 50% pre- and post-consumer recycled material, offering an eco-design solution that meets the strictest international fire safety standards for the contract sector (IMO, Class 1, M1, B1).

Composition

100% Trevira CS Eco Outdoor
